

## **SCRIPT FOR INTRODUCING A STUDENTS FIGHT BACK SPEAKER:**

For over 18 years, our original program, Girls Fight Back, has been empowering millions of women in colleges and other organizations across the country to be their own best protectors in combating violence of all kinds! We believe people of all genders can benefit from learning the basics of self-defense and Students Fight Back was born! Today you will be learning the valuable violence prevention tools that have been talked about on the CBS Early Show and CNN and in The New York Times, Cosmopolitan, Glamour and Ladies Home Journal.

Today our speaker is \_\_\_\_\_. She is a certified Students Fight Back Speaker, victim advocate & self-defense Instructor and has studied intuition, dating violence, acquaintance rape, stranger attacks, stalking situations and campus security. She is a graduate of the Students Fight Back Academy and has extensive training in full-contact physical self-defense, multiple assailant attacks, ground fighting and weapons defense.

In other words, this girl can kick some ass!

Please silence your phones, but feel free to join the conversation live on Instagram or Twitter at the Girls Fight Back hashtag (#badassbasics). There are representatives from \_\_\_\_\_ here who are available to speak with anyone during or after the program if you need.

Let's give a warm welcome to \_\_\_\_\_!
